Profile

Highly motivated and eager software engineering student at Adama Science and Technology University with a passion for development. Seeking opportunities to apply my knowledge and skills in a professional setting. Despite limited work experience, I have actively engaged in project-based learning, collaborating with peers to develop innovative solutions.

Proficient in various programming languages and software tools. Strong analytical and problem-solving abilities. Committed to continuous learning and staying abreast of industry trends.

Skills

- Programming Languages (e.g., Java, Python, C++)
- Web Development (e.g., react, node.js, javascript, html and css)

Projects

- Youtube Thumbnail – Developed Youtube thumbnails using html and css.
- Amazon - Developed Amazon website to buy anything and to add to cart Using Javascript and html and css.
- Music player app – Developed music player using flutter

Education

- Bachelor of Science in Software Engineering, Adama Science and Technology University (Expected Graduation: August 2027)

Availability

Available for internships, part-time work, or full-time employment upon graduation.
